At Dandy Gas, we understand that for many businesses, cutting and welding operations are the backbone of their success. Therefore, proper maintenance for all cutting, welding and safety equipment is essential.

## Welding Equipment

- Fully trained & accredited service technicians
- Australian Standards calibration & testing services
- Old or new technology; maintenance or repairs

## Welding Guns & Torches

- Fixed price servicing: basic inspection; consumable parts replacement; functional testing
- All major brands: air cooled/water cooled; standard or fume

## Flashback Arrestors

- Trained & certified specialists
- Latest automated testing equipment
- Fixed price testing service: visual inspection; functional flow test; test dated & labelled

PDA images for illustration purposes only

## Electronic Welding Helmets & PAPR Systems

- Operators trained & certified by helmet manufacturers
- Basic fixed price service: complete disassemble; visual inspection; replace/recharge batteries; replace clear lenses & sweat band
- Premium fixed price service: includes all the above PLUS sanitising and steam cleaning to restore to as new condition

## Generator & Engine Driven Welders

- Fixed price basic inspection and servicing
- Fixed price annual AS Testing & Certification
- Major electrical/mechanical repairs: old or new equipment
